IMPORTANT! It is the responsibility of the installation technician to make sure that the installation and operation of this product will not interfere with or compromise the operation or efficiency of any vehicle equipment!

Mounting

1. Remove the hardware securing the license plate to the vehicle.
2. Position the lighthouse mounting bracket onto the license plate mounting location so that the brackets mounting holes are aligned with the upper license plate mounting holes.

3. Place the license plate onto the mounting bracket so that the upper mounting holes in the license plate are aligned with both the bracket mounting holes and the upper license plate mounting holes.

4. Secure the license plate and the lighthouse mounting bracket to the vehicle using the original hardware.

Refer to the instructions included with your lighthouse for wiring, fusing and pattern information.
