compartment  
light, shown in  
white mode.

3SRCCDCR  
compartment light,  
split red/white

3SBCCDCR  
compartment light,  
split blue/white

## FEATURES

- Three Super-LED diodes in an aluminum housing, steady-burn, white illumination and flashing.
- Versatile 3" overall diameter and extremely narrow depth allow you to mount this bright lighthead where larger, bulky products would be a problem.
- Surface mounted for ease of installation and no body cutouts on vehicle. A small wire access hole and two mounting holes are all that is required.
- Moisture and vibration resistant for reliable, long life service.
- Six Super-LED split red/white or blue/white compartment lights with independent control of color and white light.
- Three red Super-LEDs are ideal for increased night vision in passenger compartments.
- LEDs are rated for 100,000 hours of operation.
- Optional chrome flange kit available.
- Optional grommet mount, requires 3-5/16" hole cutout.
- Draws 0.3 Amps at 12.8 VDC.
- 275 lumens light output.

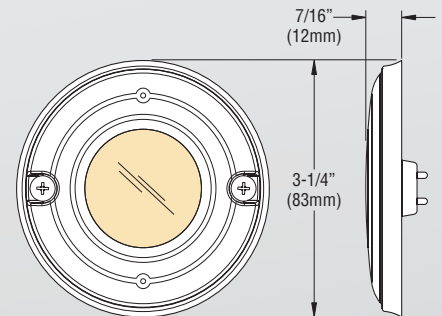

## MODELS
