8" Round Interior Light

SUPER-LED® AMBULANCE INTERIOR LIGHTHEAD

Officially Licensed
Warning Lights
Of NASCAR®

Simulates natural light at mid-day for truer flesh tones and accurate patient evaluation. White lighthouse feature Hi/Low intensity mode standard.

Installed 80C0EHCR's providing bright interior lighting in an ambulance.

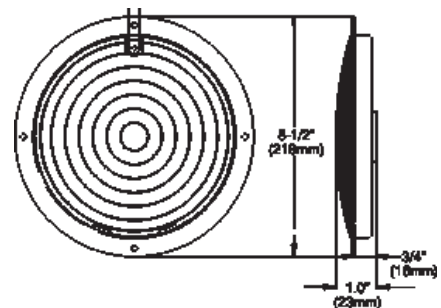

FEATURES

- Long-life performance.
- Eliminates the high cost of lamp replacement associated with halogen or incandescent lamps.
- Lower interior ambient operating temperature than halogen or incandescent fixtures.
- Conformal coating provides moisture and vibration resistance.
- Direct replacement to outdated halogen and incandescent lighting fixtures.
- Standard 6" pigtail.
- Certified to meet KKK-1822F requirements when properly installed.
- Hi/Low intensity standard.
- Lighthead can be PWM (Pulse With Modulation) from an electrical control system for additional intensity levels.
- Low amperage consumption: 1.5 amps High, .15mA Low@12.8 VDC.
- White lightheads offer 950 usable lumen output.
- 5 year HDP® (Heavy-Duty Professional) warranty.
- Red interior light for the vehicle cab with two intensity levels for improved running nighttime vision.
