

Perimeter Enhancement Light

Super-LED® Ground Lighting

Whelen's Perimeter Enhancement Light delivers downward projected, high intensity ground lighting to illuminate the work area around emergency and utility vehicles. It's multi-purpose design can be utilized in a variety of applications.

FEATURES

- White light is projected downward at a 40° angle to illuminate a large area
- Hard-coated lenses minimize environmental damage from sand, salt, sun, and road chemicals
- Fully encapsulated for moisture, vibration, and corrosion resistance
- Chrome or Black polycarbonate housing
- Mounts to vertical surfaces and may be mounted inverted
- Molded rubber gasket protects body panels
- Supplied with 6" pigtail connector (requires customer supplied switching)
- 12 VDC
- Size: 2-1/4" (56mm) H x 7-7/8" (201mm) W x 1-5/8" (42mm) D
- Five year warranty

Certifications

- Meets the requirements of NFPA 1901 for rear ground lighting - 13.10.1.1 when configured properly, covers a 10 by 10 square foot work area immediately behind the vehicle
- Meets the requirements of NFPA 1901-1917 13.10.1.2 for underbody ground level illumination when properly configured
