

PACKER™ SYSTEM 4

**Super-LED® 4 Light Warning System
Using Certified
SAE J845 Class 1 Warning and
SAE J1385 Rear Turn Signal Lamps**

Super-LED combination rear turn signal and warning lightheads are rated to last 100,000 hours. Certified to exceed SAE J845 Class 1 minimum warning light requirements and to fully meet SAE J1385 (APR 85) rear turn signal lamp requirements. In a side-by-side comparison, these grommet mount lightheads have a noticeably superior wide-angle intensity versus competitive 4-inch round lights. They fit all applicable industry 4" round mountings.

Features

- Super-LEDs® are tough, encapsulated for vibration and moisture resistance.
- High intensity LED design offers superior wide-angle visibility.
- Fully encapsulated electronics.
- Smart-LED design features attention-getting triple flash pattern.
- Lightheads include vinyl grommet and 6" integral wires with Packard connectors.
- Amber LEDs with amber lens.
- Contact factory for custom wire lengths and termination.
- 12 VDC; 0.3 amp per lighthead (average).
- Five-Year HDP, Heavy Duty Professional Warranty.
- Size: 4" Dia.
