

MARKETING ADVISORY

PRODUCT UPDATE

Due to a structural change to the cab between model year 2018 and 2019 and new placement of the third brake light, the QFRAM1 QuickFit model will not work with the 2019 Dodge Ram 1500 Classic. This body change affects the fitment of the QuickFit.

Whelen's Engineering team is in the process of redesigning a new QuickFit mount to work with this cab change.

Please review the attached QuickFit product advisory for more information.

The QuickFit product sheet and promotional packages have also been updated.
