

Howler™ Mounting Brackets for Ford Vehicles

UPDATED PRODUCT • MARKET ADVISORY

MA:0042 • 04/2023

NEW Howler™ siren speaker mounting brackets are now available for the **Ford F-150 PPV**, model years 2015-2023; **Ford Super Duty**, model years 2017-2023; **Ford Super Duty 450/550/600**, model year 2023; and **Ford Expedition SSV**, model years 2018-2023.

Howler sirens produce deep, low-frequency tones that penetrate nearby vehicles, alerting drivers and pedestrians to the presence of approaching emergency vehicles. And our new Howler mounting solution for Ford vehicles, HWLRB35, gives emergency vehicles even more warning capability for intersections and high-traffic areas by supporting two speakers. The brackets mount near a vehicle's running boards and support one Howler on the driver's side and one on the passenger side. And HSB35 supports one siren and one speaker across several models of Ford vehicles.

See table for model numbers, pricing, and updated vehicle fitment years.
