

Introducing **Mega T-Series™** lighthead, a groundbreaking addition to our collection of warning lights that builds on the versatility and reliability of our popular T-Series™ lighthead. The high-performance warning and illumination Mega T-Series lighthead features TRIO™ technology, allowing individual control of each color. With a streamlined and low-profile design, the lighthead is engineered to seamlessly integrate into various vehicle applications for a sleek and unobtrusive look.

Each lighthead contains 36 Linear Super-LED® diodes for maximum warning light and illumination in any environment. Mega T-Series lighthead has hard-coated lenses that protect against environmental damages like harsh UV light, corrosive salt, and road chemicals, and they feature our patented E Block™ technology to protect the unit against water and moisture. No matter the condition, Mega T-Series lighthead is engineered to endure, and they're backed by our industry-leading 10-year warranty.

Elevate your emergency vehicle's safety and visibility with Mega T-Series™ lighthead – where cutting-edge technology meets reliability for unmatched functionality.
