

Updated Edge® 9X Model Numbers

PRODUCT UPDATE • MARKET ADVISORY

MA:0081 • 05/2024

Effective **June 25, 2024**, we will begin implementing new model numbers for Edge® 9X lightbars. Please note that **current Edge 9X lightbar model numbers will no longer be available for order after August 1, 2024**. The original model numbers will still be listed in catalogs and will be available for order until August 1, 2024.

The new model numbers allow for additional length options, new extended adjustable mounting feet, new Brake/Tail/Turn (BTT) lights, and a new I/O board with additional outputs. These enhancements will provide additional versatility, making it easier to mount and configure your Edge 9X to fit your vehicle's profile. **Please note that there will be no price adjustments as a result of this change.**

We expect the updated model numbers will be available in WeCad on May 22, 2024. **Stay tuned for additional information, model numbers, and instructions.**

Original Model	Description	New Model	Description
Lightbars 12V		Lightbars 12V	
9TX5####	25" Tall Edge 9X Lightbar 12V	9XT5####	25" Tall Edge 9X Lightbar 12V
